Our Feline boarders will have their own pens and litter pan. Dry Science Diet is left with them 24 hours a day and canned food will be fed if requested by the owner or if they are not interested in eating the dry food. Water is always available.

Our canine boarders will have their own pens. They will be walked outside on a series of wooded trails two to three times a day and will also go to our indoor runs. Dry Science Diet will be fed in the morning and water will always be available.

Our goal is to make your pet as comfortable as possible while they are here. Please let us know if there is anything special we can do. The hospital and boarding facility is kept as clean as possible. The boarding area is heated in the winter and air conditioned in the summer. Staff is present from 7am to 6pm weekdays. Staff is present on Saturday from 7am to 12pm and from 3pm to 5pm. On Sundays staff is present to care for boarders between 7-10am and 3-5pm depending on the number of animals to be cared for. We currently have no night staff.

Additional services while boarding:

_____ Bath

_____ Medical Problems

_____ Clip

_____ Dental Cleaning

_____ Vaccines

On occasion a pet may become ill while boarding. If this happens we will go forward with necessary treatment. I give Down Main Veterinary Clinic permission to treat my pet if needed during the boarding period.
